*My sister is
my only family.*

*She's helpless
at housework...*

she's a ditz...

*and she doesn't
look like the ideal
woman, but...*

*she still tried
to fill the void left
by my parents.*

chirp!

chirp! chirp!

*That's why I never
asked about our parents
in front of her.*

And so...

*when I heard
about my sister from
Brother Irwin...*

*I... felt a sense
of guilt and relief
at the same time.*

Just disappeared!

Hey, Sung-tae.

...P

grip!

Get ready!

Your sister
got seriously injured,
so you might feel
helpless and useless..

BUT!

Saying
such things..

turning away
from your friends and
lying to yourself...

Is cowardly!
You're just making
excuses!

Saying something
like that..

is an insult
to those who care
about you.

Ga-ran.

Huh? Your...

eyes...?
